

# CashDro

the POS cash drawer that always balances

## COMPANY INTRODUCTION

CashDro is the leading manufacturer of point of sale cash management devices and is present in more than 30 countries and its products are customized to accept more than 20 currencies.

CashDro has a professional distribution channel in Europe (Euro zone) that consists on certified distributors with commercial and technical knowledge that give commercial and technical support in all the territory. The Certified CashDro Technicians regularly attend training courses held by the manufacturer and have to pass the evaluation test in order to guarantee that they have acquired necessary know-how in order to give qualified services to the clients.

In the rest of the world, CashDro commercializes its products through Concessions that have exclusive product distribution rights in the country or in the geographical zone, and that have their own professional channel formed from distributors and highly-qualified Official Technical Services that follow quality and professional standards defined by Cashdro.

## Automated cash management system that safeguards your cash

CashDro is a smart cash handling system that automatically accepts, validates and dispenses notes and coins with change refund. It eliminates cashier handling of cash, improves the security of the establishment, the staff productivity and the customer service.

Together with the POS, CashDro's compact cash recycler solution complements the cashless payment solution to make a complete solution for various segments of retailing business such food court, hawker centre, cafés, restaurants, bakeries, fast food, supermarket, hairdressers and beauty centres, ice cream stores, pharmacies, kiosks, bookstores, distribution and other specialities retail outlets.
